

Welcome to the Aker Kasten Eye Center!

On behalf of the doctors and staff, we would like to thank you for choosing us for your eye care needs! We have enclosed an information packet regarding our Center and the services we provide for you to review at your leisure. If you have any questions, please do not hesitate to call us.

We request that you please bring the following items with you to your first appointment:

1. The **NEW PATIENT FORMS COMPLETED**.
2. Your **INSURANCE CARDS** and a **PHOTO ID CARD**.
3. A **LIST OF MEDICATIONS AND DAILY DOSAGE** you are currently taking.

PLEASE NOTE:

Your eyes will dilated and your initial visit may be 2-3 hours

If you are considering cataract surgery, we will be unable to perform necessary testing unless you discontinue wearing your contact lenses according to the following time parameters:

Gas permeable lenses – 2 weeks
Hard lenses – 2 weeks
Soft contact lenses – 1 week

Our office accepts Medicare assignment. The 20% co-payment will be collected at the time of your office visit. If you participate in MediGap, your supplementary insurance will automatically be submitted for you by your insurance company.

Again, we welcome you as a new patient and look forward to meeting you!

Please Read and Sign Before Your Visit

You may have a REFRACTION performed during your visit with us today. The refraction gives our physicians very important information about the condition of your eyes. It is critical in assessing the effect of any corneal changes, cataracts, retinal conditions or optic nerve disease found in the course of your exam. It is also the most precise method in which our physicians can determine that your eyes are corrected for the best vision possible.

If you are a new patient at our Center, a baseline refraction will likely be performed today if you are not seeing 20/20 with your present correction. You may or may not be given a prescription for new glasses based on the results of your refraction.

There will be a \$40 charge for the refraction. If you are on Medicare, this is an out-of-pocket expense, as refractions are not covered by Medicare*. If you have private insurance, we will collect the \$40 from you today and submit the charge to your insurance company. You will then be reimbursed for any amount collected from your insurance company.

Please inquire at the front desk if you have any questions.

I have read and I understand the above policy regarding refractions:
